

CMV TRUCK & BUS

Get a career, not just a job.

FAST-TRACK DIESEL TECHNICIAN APPRENTICESHIP

CMV Truck & Bus

CMV Truck & Bus is a division of the larger, CMV Group. From a staff of only five individuals in 1934, the CMV Group now runs substantial operations in automotive dealerships and agriculture, predominately in South Australia and Victoria and employs more than 1,400 staff.

Volvo Group, one of the world's leading manufacturers of trucks, buses, construction equipment and marine and industrial engines is represented by CMV Truck & Bus in Victoria. With five dealerships located across Victoria at Albury, Clayton, Dandenong, Derrimut and Gippsland, CMV Truck & Bus offers the full portfolio of new and used Mack Trucks, UD Trucks and Volvo Trucks and buses.

Our Fast Track Apprenticeship

Completing an apprenticeship at CMV Truck & Bus is more than a job, we are preparing you for a long-term career within the automotive industry. If you have a passion for large powerful engines, enjoy problem-solving and love the idea of working with advanced machinery and market-leading technology, then this is the perfect apprenticeship program for you!

Our 3-year fast-tracked apprentice training program primarily focusses on the service and repair of heavy motor vehicle mechanical parts such as the engine, transmission (clutch, gearbox and differential) and the suspension systems (springs, steering, brakes, wheels and tyres). It is a hands-on program, and you will learn everything from how to discover faults through to carrying out a full diagnostic procedure all taught within a real world environment.

Technical Training Centre

Our Fast Track Apprentice program will be taught at our state-of-the-art Technical Training Centre located within our CMV Truck & Bus Derrimut dealership. As one of the most modern truck dealerships in the Southern hemisphere, you will have full access to onsite parking, personal lockers, laundered uniforms, a café, and 24/7 gym facilities. The purpose built Technical Training Centre includes four training rooms along with a designated workshop space allowing for both the theoretical and practical training material to be delivered by experienced heavy vehicle automotive technical trainers. The 3 year fast track program is offered in conjunction with our registered training organisation, Kangan Institute of TAFE and is recognised both within Australia and internationally.

Certificate III in Heavy Commercial Vehicle Mechanical Technology

National Code: AUR31116

Below is a list of all the units that will be offered in the Certificate III in Heavy Commercial Vehicle Mechanical Technology.

Year 1

AURAEA002	Follow environmental and sustainability best practice in an automotive workplace
AURASA002	Follow safe working practices in an automotive workplace
AURETR012	Test and repair basic electrical circuits
AURETR025	Test, charge and replace batteries and jump-start vehicles
AURTTA004	Carry out servicing operations
AURTTTC003	Diagnose and repair cooling systems
AURTTTF002	Inspect and service diesel fuel injection systems
AURTTTK002	Use and maintain tools and equipment in an automotive workplace
AURTTQ001	Inspect and service final drive assemblies
AURTTD002	Inspect and service steering systems
AURTTD004	Inspect and service suspension systems
AURTTE004	Inspect and service engines
AURVTW003	Carry out advanced gas metal arc welding on vehicle body sections
AURVTW018	Carry out oxyacetylene welding, thermal heating and cutting

Year 2

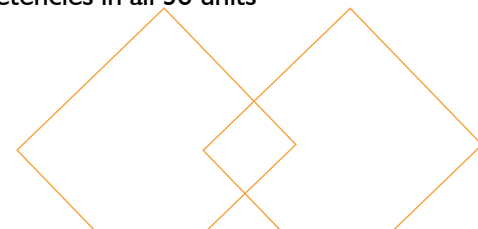

AURETR029	Diagnose and repair charging systems
AURETR030	Diagnose and repair starting systems
AURHTD002	Diagnose and repair heavy commercial vehicle steering systems
AURHTD003	Diagnose and repair heavy commercial vehicle suspension systems
AURHTE002	Diagnose and repair heavy vehicle compression ignition engines
AURHTQ003	Diagnose and repair heavy vehicle drive shafts
AURHTZ001	Diagnose and repair heavy vehicle emission control systems
AURTTA006	Inspect and service hydraulic systems
AURHTQ002	Diagnose and repair heavy commercial vehicle final drive assemblies
AURTTB004	Inspect and service air braking systems
AURHTF002	Diagnose and repair heavy vehicle diesel fuel injection systems

Year 3

AURETR022	Diagnose and repair vehicle dynamic control systems
AURETR024	Diagnose and repair compression ignition engine management systems
AURHTB001	Diagnose and repair heavy vehicle air braking systems
AURTTA018	Carry out diagnostic procedures
AURTTTF005	Diagnose and repair engine forced-induction systems
AURETR032	Diagnose and repair automotive electrical systems
AURHTX003	Diagnose and repair heavy vehicle automatic transmissions
AURETU003	Service air conditioning and HVAC systems
AURETU004	Diagnose and repair air conditioning and HVAC systems
AURETU005	Retrofit and modify air conditioning and HVAC systems
AURHTX004	Diagnose and repair heavy vehicle clutch systems

Course Requirements

To be awarded the qualification after 3 years, the New Apprentice must meet competencies in all 36 units (listed above). This incorporates 22 Core units and 14 Electives.

Apply Now

CMV Truck & Bus is seeking highly motivated individuals with a strong work ethic and a passion for the automotive industry. If you are an ambitious, disciplined, result-focused problem solver who is looking for more than just a job, then we look forward to hearing from you.
