

Employee with Mobile Clocking (via Android)

From the Home screen:

1. Tap the **Clock** icon in the bottom middle of the screen

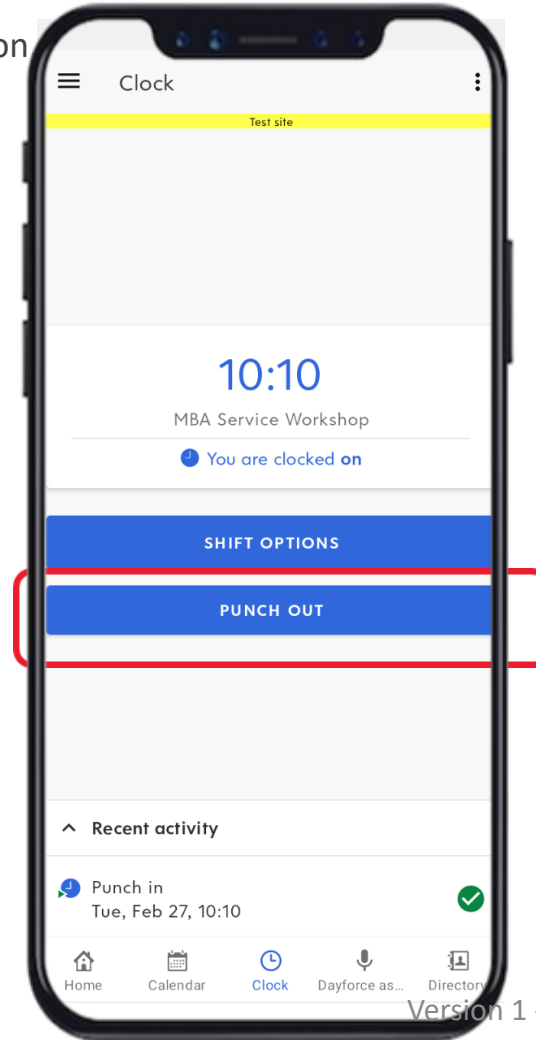

2. Tap the **PUNCH IN** button to start your shift

Employee with Mobile Clocking (via Android)

3. At the end of your Shift, you will need to Tap the **Punch OUT** button

4. Once this is done the screen will then indicate that **You are clocked off**
